

Commercial Landscape Consultation

Eligibility

- Commercial, Industrial, Institutional properties must be located within CUWCD's service area (Duchesne, Juab, Salt Lake, Utah, Uintah, Wasatch, or the Francis and Woodland areas of Summit County)

Requirements

- Must have a functioning in-ground irrigation system that operates regularly.
- Must be irrigating lawn areas.
- The irrigation system must be operational at the time of the visit.
- A maximum of 20 irrigation zones **may** be inspected per application.
- A property representative who can provide access to the irrigation controller must be available at the time of the visit.
- No activity can occur during the consultation that affects our technicians' ability to perform the irrigation assessment (no mowing, surveying, pesticide application, painting, or events).
- Must be willing to provide CUWCD with monthly water use data for 1 year following the consultation.
